

# 3. RETIREMENT FUND SCORECARD

Many aspects of the FSC are not relevant to retirement funds as they are not for profit entities. The objective of the Scorecard is to encourage retirement funds to provide for fair and equitable treatment of suppliers and employees. Therefore the Scorecard consists of two elements only, viz., Management Control and Preferential Procurement.

Element	Scorecard	Public Disclosure	Code Series Reference
Ownership	N/A	Recommended	FS100
